

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, so insignificant that often no attention is given it. But when the blood becomes more fully infected with the virus the mouth and throat get sore, glands in the neck and groin swell, and sometimes ulcerate, forming sores and ulcers, the hair comes out, copper colored spots appear on the body, and where the disease is allowed to remain in the system the poison frequently penetrates deeper and attacks the bones. S.S.S. is the true antidote for Contagious Blood Poison—the only remedy that is able to get at the very root of the trouble and remove every particle of the virus from the circulation; at the same time S.S.S. acts with upbuilding and tonic effect on every portion of the system. As soon as the system gets under the influence of S.S.S. the symptoms begin to disappear and soon a perfect cure is made. S.S.S. can be used in the privacy of one's own home and a permanent cure effected. To aid those who wish to cure themselves at home we have prepared a special Home Treatment book which contains much valuable information to Contagious Blood Poison Sufferers. With the aid of this book and the use of S.S.S. a cure can be effected in every case. We will send this book, and also any medical advice desired free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

PRAISE FOR SEHON

FROM THE STATE INSPECTOR AND EXAMINER.

Kentucky Children's Home Society is an Institution of Great Usefulness in Kentucky.

In his report on conditions obtaining at the Kentucky Children's Home Society, M. H. Thatcher state inspector and examiner, says of George L. Sehon, superintendent of the home: "The superintendent seems by temperament and energy to be admirably adapted to the work and I know of no higher form of philanthropy than that which is exercised through the agency of the society."

Mr. Thatcher states that the accounts of the society balance and that its affairs have been conducted in an admirable way. Continuing, Mr. Thatcher says in part: "The operations of the society have greatly grown during the past few years. The system of receiving into the society neglected or dependent children and placing them in private homes is most carefully and thoroughly devised. The system of records in the office of the society whereby it keeps in constant touch with the wards for whom homes have been secured by it, is a splendid one. I cannot recommend too highly this feature. District superintendents are kept in the field soliciting private funds from the various sources heretofore indicated and visit the

COLONIAL HOTEL

A delightful place to spend your vacation is at the Colonial Hotel, West Baden Springs, Indiana. Most every one knows of the marvelous cures with the West Baden and French Lick Springs mineral waters where thousands have been cured. The Medical Staff of the Colonial Hotel Laboratories have extracted the minerals from the water of Salt-Lithia Spring at West Baden, to be taken at home which reproduces the West Baden and French Lick treatment.

We want everyone who is troubled with their stomach, liver and bowels, which means indigestion, dyspepsia, biliousness, sour stomach, inactive liver, jaundice and bad complexion, headaches, melancholy, nervousness, insomnia, female weakness and general debility and very often affects the heart, to come to the Colonial Hotel or write us and we will send them a sample of Concentrated Salt-Lithia Free Sal-Lithia keeps the stomach healthy and makes the liver and bowels act and by so doing none of the above diseases will trouble you.

Rheumatism is caused by uric acid in the blood. Salt-Lithia is a uric acid solvent, and will cure Rheumatism. For a Ten-Day Home Treatment, \$10.00 Address: COLONIAL HOTEL LABORATORIES, West Baden Springs, Indiana. Colonial Hotel rates are \$2.00 to \$3.50 per day, American Plan. Annex \$10.00 to \$15.00 per week.

MAKE JEST ON THE PEERS

ASQUITH AND LLOYD-GEORGE TURN GUNS ON LORDS.

Balfour, Rothschild, Marquis of Londonderry and Others Address Meetings.

THE BRITISH CAMPAIGN WARMS

London, Jan. 6.—Every available prominent speaker of both parties, as well as a host of minor orators, was engaged last night in addressing political meetings in various parts of the country.

Premier Asquith, at a meeting at Brighton from which women were excluded, and Chancellor Lloyd-George, at two meetings in London, made a great play at the expense of the peers' oratorical campaign. The premier thought that if the peers could only be induced to prolong the campaign another fortnight at their present rate as to volume and venom the liberals might almost be content to hold their tongues altogether.

The chancellor of the exchequer expressed the belief that the peers never worked so hard in their lives. They seemed to think that the house of commons was an assembly of lunatics, he said, and that the peers were their keepers. The peers, he added, were walking through the Valley of Humiliation in order to find work for the unemployed. The chancellor also caused laughter by describing his budget as simply a revised and enlarged edition of Kipling's ballad: "Cooks' son, dukes' sons, sons of the belted earl, pay, pay, pay."

Balfour Sees Long Fight.

Arthur J. Balfour, leader of the opposition in the house of commons, speaking at Hanwell, said that 1910 would remain in the history of the empire as the year in which was fought the first round of a struggle that might last for years, perhaps generations, and become a dominant influence upon all that citizens held most dear. Never before had the ideals of two great state parties been so widely divergent, he said. This tone in Mr. Balfour's utterances on previous occasions has been commented upon as an indication that he realized the hopelessness of a unionist victory in the coming elections.

The Marquis of Londonderry, in an address at Belfast, declared that the unionists would rather occupy the opposition position till the crack of doom than hold office for five minutes dependent upon the Irish vote.

Pastor Blames Curzon.

Rev. Robert Forman Horton, pastor of the Lyndhurst Road church, Hampstead, addressing a political gathering at that place, made an interesting contribution to the controversy. He asked what would Germany and Russia give for a parliament controlled on such popular lines as is the house of commons. He said he believed that the real leaders in the present situation were not Lansdowne and Balfour, but Curzon, Milner and perhaps Cromer, all men trained in governing subject races, who had returned to England imbued with the idea of renouncing the representative principles of government which they had learned to disregard elsewhere.

The speaker reminded his hearers of the curious parallel in the overthrow of the Roman Empire by the proconsuls, who returned from their admirably administered provinces filled with impatience at the popular government which had appointed them. He warned the British people that unless they bestirred themselves history would repeat itself.

Rothschild Makes Reply.

Lord Rothschild, speaking in Liverpool, refuted the statement made by Chancellor Lloyd-George a few nights ago that statistics showed that in May, 1928, while there was 36 per cent of unemployment in New York state, there was only 7 per cent in England. Lord Rothschild declared that nearly 1,000,000 emigrants went to the United States every year and that most of them landed at New York. Therefore, there must always be a temporary amount of unemployment in New York.

The best proof that the United

THE DOCTOR'S QUESTION

Some Advice Against the Use of Harsh Purgatives and Physics.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases which must be removed through the bowels before health can be restored.

Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action they force a passage through the bowels, causing pain and damage to the delicate intestinal structure which weakens the whole system, and at best only produces temporary relief. The repeated use of such treatments causes chronic irritation of the stomach and bowels, dries and hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit which sometimes has almost, if not fatal results.

We have a pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case where it fails to produce entire satisfaction. This remedy is called Rexall Orderlies. We urge you to try them at our entire risk.

Rexall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing, regulative influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effects, and they may be taken at any time without inconvenience.

Rexall Orderlies overcome the drugging habit and safely remedy constipation and associate ailments, whether acute or chronic, except in surgical cases. They are especially good for children, weak persons or old folks. Price, 36 tablets, 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Paducah only at our store, —W. B. McPherson, Fourth street and Broadway.

States had recovered from the great financial panic, he said, was the increased price of American securities. His own observation had been that when the diamond trade was brisk there was no unemployment in America and that during the American financial crisis the South African companies were at their wits' end to sell diamonds. He was informed on unimpeachable authority that during the last six months more diamonds were sold than ever before in the memory of man, and that the majority of them had gone to America.

CENSUS

EXAMINATION FOR ENUMERATORS HERE FEBRUARY.

J. R. Jones, of Caldwell County, is Supervisor for the First District.

A large number of persons want to assist in taking the census of Paducah and McCracken county, and applications are piling in at the post-office. As there are places for eleven enumerators in the city and five in the county there is an indication that there will be about five applicants for each job.

While the work of an enumerator is short, the pay is good, as three cents is paid for each name, and a man in the city should earn anywhere from \$2 to \$6. The work in incorporated cities must be completed in two weeks, while four weeks are given for the name taking in the county. J. R. Jones, of O'Hara, is census supervisor for this district, and January 25th is the last day for applications. The examination of the applicants will be held February 5 by Robert Moore, secretary of the examining board. Mr. Jones is expected in Paducah this week to complete the details of the census.

The enumerators will be a cross between a reporter and a book agent. Many questions will have to be asked according to the blanks, and the complete pedigree of everybody will be in the hands of the government when the census has been completed.

FOR KENTUCKY WATERWAYS

Representative Edwards Expects Large Appropriations.

Washington, D. C., Jan. 6.—Representative Edwards, of Kentucky, who returned last night, will at once exert his influence toward securing appropriations for the improvement of Kentucky waterways. He thinks that Kentucky will receive a liberal share of benefits from the rivers and harbors legislation to be passed this session. The rivers and harbors committee set January 10 as the date for hearing the advocates of the Cumberland River improvement. Representative D. C. Edwards will appear before the committee with a mass of data to substantiate his claim that the river should be improved.

He has mounted a tiger and cannot get down.

VAST LAND GRAB IN ILLINOIS

ENCROACHMENTS OF \$75,000,000 ARE CHARGED.

Asks Cash to Investigate Illinois Solon Cities Lake Shore at Chicago.

INTEREST AT SPRINGFIELD.

Springfield, Ill., Jan. 6.—Charges that lands valued at from \$50,000,000 to \$75,000,000 have been reclaimed without legal warrant from the banks and shores of navigable rivers and lakes in Illinois and from the shore of Lake Michigan, were made before the house appropriations committee today by B. M. Chipfield, chairman of the special committee that has been investigating submerged lands. In asking the house financiers to appropriate \$15,000 additional to continue the work of the committee through the present year, Mr. Chipfield asserted that in nearly every nook and corner of the state touched by navigable waters, encroachments upon meander lines have been found, and lands have been built up the title to which in most instances apparently still lies in the state.

"Everywhere the committee has gone it has found land grabs and encroachments," said Mr. Chipfield. "Our discoveries have been most astounding. We have been compiling notes and plats and other data, and the material now in the possession of our engineers to estimate that the reclaimed lands in Illinois are worth between \$50,000,000 and \$75,000,000."

Include Whole State. "It has been most remarkable. Every time we have visited a navigable lake or stream we have found land grabs somewhere. They extend from Chicago to the Mississippi and from Cairo to Waukegan. There is hardly a county impinging upon a navigable lake or stream that does not contain made lands, reclaimed without warrant from the state.

"The committee is prepared to state that there is not an inch of the shore of Lake Michigan from South Chicago to Waukegan that is worth anything that is not being held by unlawful owners.

"Secretary of the Interior Ballinger refused to give the co-operation of the federal government to our committee in determining what claims the state has to the reclaimed lands. He told this committee that this state of Illinois is in no wise different from a private citizen and that if it wished any maps or plats from the interior department it would have to pay for them just as a private citizen would.

Much Testimony Ready. "We have finished 10,000 pages of testimony and evidence which is in shape to be presented to the courts. Much work, however, remains to be done in the way of getting surveys, maps and photographs, and this, taken in conjunction with the attitude of Secretary Ballinger makes us require the additional appropriation. So far less than \$1,000 of the \$10,000 appropriation has been spent on the expenses of the committee, and we need the \$15,000 briefly for the reproduction of data now on file in the interior department at Washington."

There was some discussion as to whether the additional appropriation of \$15,000 could be made by the assembly in the special session, but it was argued that it came within the scope of the governor's call, and the appropriation committee at once voted favorably on the request for the \$15,000.

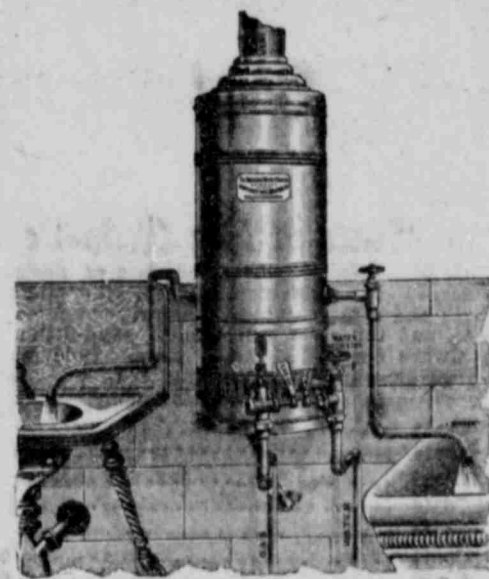

The Pokagon tribe of the Pottawatomie Indians is deluging the assembly with more protests against legislation on submerged lands. The latest came today in the form of a petition signed by Isaac Quigno, chief of the Pokagons, and others protesting, among other things, that it was "an act of anarchy" on the part of Governor Deneen to ask the special session to enact a bill for a site for the Field museum on submerged lands.

Among the names attached to the petition is that of Alfonso E. Wilson, a former prohibition member of the lower house and at present head of the prohibition state committee.

New Bills Introduced. Among the bills introduced today was one by Senator Potter appropriating \$75,000 for the establishment of nine rescue stations at Ottawa, Springfield and Marion, patterned after the stations operated by the federal government.

The commission form of government bill was to have been considered by the house committee on municipal corporations this afternoon, but no quorum was present, a fact which aroused the indignation of Thomas J. O'Brien, a Chicago Democrat, who took occasion to make a short speech stating that he would be for the measure all the way through. The senate committee which has the Barr bill in charge will hold a public hearing next Tuesday, when representatives from a dozen or more Illinois municipalities that are boosting the commission plan are expected to be on hand.

Pawnshops in Chile are under special regulations of the general government, enforced by local authorities.

DENEEN IS CONFIDENT

That Satisfactory Primary Law Will Be Enacted.

Springfield, Ill., Jan. 6.—Although there is considerable confusion with regard to the enactment of the primary election law Governor Deneen expressed confidence that a satisfactory law would take the place of the previous primary laws which have been declared unconstitutional.

"The delegate primary" bill submitted by the Cook county Republican committee, was not enthusiastically received. The measure is said to have the backing of many federal office holders, including Speaker Cannon.

Next week an attempt will be made to amalgamate the several bills into one measure.

The Schmidt deep waterway bill was reported favorably by the senate waterway committee.

WOMAN

Makes Appearance on Streets of Chicago in Role of Footpad.

Chicago, Jan. 6.—A female footpad again made her appearance here today when a well dressed woman, assisted by a man, held up and robbed Ernest Yaeger of \$8.50 and battered him up. According to Yaeger he was standing on the corner when he was accosted by a woman who drew a revolver from her muff and ordered him to hold up his hands. The man then appeared, searched him and knocked him down. Both disappeared.
